in 3 STEPS

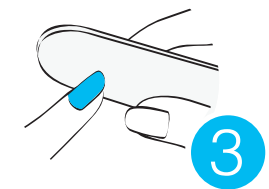

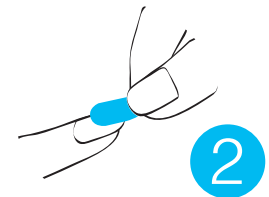

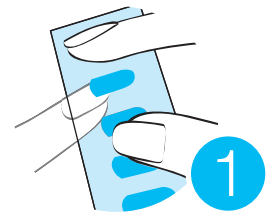

1. Gently push your cuticles back and wipe your nails clean. After that, select the nail sticker that fits your nails

2. Place the round edge on the nail base of the nail and smoothen thoroughly. You can re-stick the nail sticker a few times on your nails to re-position it accordingly

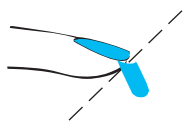

3. Fold the nail sticker under the nail tip and file off the excess sticker in a downward movement

Tips:

For perfect fitting, you may adjust the nail sticker by cutting it according to the size and shape of your nail.

You can keep the filed off excess nail stickers for future use. By doing this, you can maximize the usage of your nail stickers.

HOW TO REMOVE

Simply remove by carefully peeling off the nail stickers on your nails. After removing the stickers, wipe your nails with a cotton pad soaked in warm water to remove possible glue remains.
